The screenshot displays the OpenCart registration form. At the top left is the OpenCart logo, and at the top right is a hamburger menu icon. The form contains three required fields: "E-Mail", "Country", and "Password". The "E-Mail" field has a validation error: "E-Mail Address does not appear to be valid!". The "Country" field has a validation error: "Please select a country!". The "Password" field has a validation error: "Do not use your username as your password as it is too easy to guess by hackers!". Below these fields is a red error message box that says "The maximum number of captcha attempts has been reached!". A "Refresh" button is located below the error message. At the bottom of the form is a blue "REGISTER" button. At the very bottom of the page is a footer with the text "Why join OpenCart.com?" and a "Chat AI" button.
